Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I changed to trac fonr to controll my costs and spend my hard earned money wiser. As far as I see it it costs the fcc nothing at all for wireless phones as the equipment is installed by the providers. I suggest you spend the money you already collect from us (The american tax payers) a little wiser instead of making your buget higher than it already is.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Mike Kiel
